- Interest on margin loans are calculated using the Actual/Actual convention and are charged daily or monthly.
- Brokerage and Service fees are charged per transaction. Transaction means buy/sell price times quantity. Commissions include fees charged by NVB's partners, trading platforms and regulatory authorities (exchange and regulatory fees).
- For transactions in Armenian Dram (AMD), rounding shall be applied to the nearest decimal, whereas for foreign currency transactions we round amounts to the nearest cent (hundredth part).
- In instances where tariffs are denominated in foreign currency, the following procedures apply:
 - If the fee is expressed in currencies offered by NVB, the amount will be exchanged to AMD at the exchange rates published by CBA.
 - If the fee is expressed in other foreign currencies, the amount will be exchanged at the actual exchange rate of the transaction and then charged at the CBA exchange rate.

ATTENTION: In the event of transaction execution under the conditions stipulated in the order, the Customer assumes the RISK associated with investing in securities. NVB shall not compensate for any losses incurred by the Customer unless they result from NVB's dishonest conduct.

ⁱ Institutional clients are referred to financial intermediaries (investment funds, fund managers, banks, insurance companies, pension funds, brokerage firms) based in countries having diplomatic relations with Armenia. Fees for institutional clients are discussed individually.

ⁱⁱ Consulting Service Plan is accessible to all clients. Minimum required deposit is equivalent to \$10 000. Clients benefit from personalized assistance facilitated by a dedicated manager, who assists with order placement, provides analytical insights, and facilitates access to Initial Public Offerings (IPOs). Trader Service Plan is available for clients with a minimum deposit of equivalent to \$200 000, offering a competitive base commission rate of 0.1% for transactions on the US market. However, Trader Service Plan clients do not receive personal manager assistance or analytical support. Access to IPOs is available for Trader Service Plan as well.

ⁱⁱⁱ USA and Canada Stock Exchanges include AMEX, ARCA, NYSE, BATS, TMX.

^{iv} Europe Stock Exchanges 1 include EURONEXT, LSE, XETRA, SIX, MIL, OMXH

^v Europe Stock Exchanges 2 include OMXC, NOMX, OSE, SOMX, VSE, BM

^{vi} Asian Stock Exchanges include HKEX, SGX, TSE

^{vii} Other Stock Exchanges include additional stock exchanges New Venture Brokerage CJSC has access to beyond the ones mentioned above. The Client should inquire regarding exchange availability.

^{viii} For financial instruments not listed in the tariff package, NVB's brokerage service commission is determined per transaction, which shall be at least double of the partner broker's commission for a specific transaction. Prior to transaction execution, commission amounts are mutually agreed upon between the Broker and the Client via telephone or email communication.

Upon request, NVB furnishes the Client with pertinent information regarding commissions levied by its partner. Additionally, any additional costs incurred by NVB due to similar transactions are the Client's responsibility and will be fully reimbursed. NVB promptly clarifies such costs within one banking day post-transaction execution, via telephone or email correspondence.

^{ix} "Standard" is referred to securities held for custody accounts under standard terms and conditions.

^x "Non-standard" is referred to securities that are held at custody elsewhere by NVB or require special conditions, for which a security management or custody service fee may be charged.

^{xi} "Securities held in accounts for less than six (6) months" refers to cases where no more than six (6) months have passed since either (i) the securities were initially transferred into the client's account, or (ii) the funds used to purchase the securities were deposited into the client's account.
